NORWAY AND VICINITY

Burnet-Frechette

Frank Burt Burnet of Paris and Eva Mary Frechette of Norway were united in marriage Thursday, Nov. 30th at 9:30 A. M. The ceremony was performed at Saint Catherine Church by Rev. H. A. Reddin. They were attended by Juliet Perry of Norway and Edwin Miers of Paris. The bride was attired in white satin.
A wedding breakfast was served after the church services at the home of the groom's parents, Mr. and Mrs. Neville S. Burnet in South Paris. The guests beside the bride and groom were Edwin Miers, Juliet Perry, Mr. and Mrs. John Frechette, Mr. and Mrs. Carroll L. Dutton and family, Mr. and Mrs. Ralph Johnson and family, Roscoe Butler and Pearl Burnet. A large wedding cake was cut by the bride.
Immediately after this happy event the bride's parents Mr. and Mrs. John Frechette on Crockett Ridge, North Norway, where a wedding supper was served to forty guests with two wedding cakes cut by the bride. A reception followed and the evening was a continued round of pleasure with games and dancing. Ed Bell a veteran with the violin officiated during the dancing and Ella Decoteau was organist while the company rendered many familiar songs.
The guests for supper and reception included all members of the breakfast party and a large number in addition as follows: Mr. and Mrs. Harry Bell, Mr. and Mrs. Samuel Fogg, Mrs. George Perry, Romeo Perry, Arthur Gammon, Ella Decoteau, Blanche LeFrance, Jerry Miers, Adelaide Morrisette and Carl Dunham. Many useful gifts were presented.
Mr. and Mrs. Burnet will reside for the present with the groom's parents. They plan to build a house in the near future and remain in town. Both are employed in the shoe factory and have many friends wishing them continued happiness.

Pythias Thanksgiving Ball
Nearly two hundred dancers attended the 39th annual Thanksgiving ball under the auspices of Penneussawasse Lodge Knights of Pythias, Thursday evening, at Norway Opera House. A good number of spectators occupied the gallery. Mild weather and good automobile driving were favorable for a large patronage from surrounding towns.
For the second time in the long history of this annual event, dances offered were not used. Even the traditional march and circle and contra dances were conspicuous by their absence, just a continuous round of trots and waltzes. This change was inaugurated one year ago to keep pace with modern demands.
Howard Shaw and his orchestra furnished just the right kind of music and kept everybody on the move. Many complimentary remarks have been passed by members of the order and others for the excellent tempo and versatility of the orchestra. In the early evening Mrs. Merrill went to call on Mrs. Canwell while the members gathered in the rooms of her daughter, Mrs. Ida Gurney. Very soon she was called home by telephone which had been rung on her.

Someone wanted to talk with her on the telephone while she was in another room talking to those present came out into Mrs. Merrill's living room. As she came in to go home, what was her surprise to see the members of the Club there, but she loved. She was presented with a silver pie knife for which she thanked the club. Mrs. Canwell has moved to Auburn, which is regretted by all. Light refreshments were served.

A figure 7, missing from the excellent report of the Red Poultry Poultry Farm in the last issue caused Harry Goodwin's flock of 650 hens to average about 6 eggs a piece for the year. Ladies' Circle Annual Fair

The Ladies' Circle of the Norway Congregational Church held a successful sale, supper and entertainment at the church, Dec. 5 and 6, with active committees in charge of the various departments.

A sale opened the evening after supper and extended into the evening. Decorations in the vestry and around the booths were yellow and white while the tea room featured Japanese effects of various hues.

Most conspicuous was the central pagoda where fancy articles especially appropriate for Christmas remembrances were sold by Mrs. Eugene N. Swett, Mrs. Eugene F. Smith, Mrs. Fred Smith, Mrs. A. G. Barker, Mrs. James N. Tubbs, Mrs. George Locke and Mrs. Albert J. Stearns.

Home cooking had a ready sale on the food table. There were pies, a variety of cake and other attractive dainties displayed with Mrs. Elizabeth Bartlett, Mrs. Frank Brett, and Mrs. Roland Noyers in charge.

A fine line of homemade candy was sold from a booth where Mrs. Albert L. Clark and Mrs. Walter Tubbs presided. Fudge, corn cakes, chocolates and many other varieties of sweets attracted a good patronage.

Approns found ready purchasers. Gingham, percales and more delicate fabrics were made into a variety of these serviceable articles. Ladies in charge were Mrs. Gertrude Barker, Mrs. Herbert F. Andrews, Mrs. Mary Andrews, Mrs. Lida Drake, Mrs. Nellie Andrews and Mrs. Martina Richards.

Mrs. Charles W. Chick was in charge of the tea room where ices, lunches, sandwiches, salads and coffee were served on small tables surrounded by a Japanese atmosphere. Her assistants were Mrs. Percy H. Noyers, Mrs. Charles Libby, Mrs. Evelyn L. Brown, Miss Harriet Knight, Mrs. Hattie Smith and Mrs. Carl Brown.

The youngsters paradise was established in "Punkinville Post Office" where small coins might be exchanged for mysterious bundles containing an assortment of toys, games, novelties and a hum-dred things. Business was transacted through windows like a post office with the clerks behind the counter and a crowd kept a crowd supplied. Mrs. Charles Libby's Sunday school class planned and carried out the happy idea with full responsibility from start to finish.

The members are Catherine Longley, Ellen Smith, Evelyn Saleeby, Virginia Tubbs, Dorothy Anderson, Katherine Drake and Frances Rich.

A large number patronized the supper, Wednesday evening at 6:30 and many attended the entertainment at 8 o'clock.

Mrs. H. L. Bartlett was in charge of the splendid program that included group readings by Mary Mealand Stone, violin solo by Marion Haskell and readings by Mrs. Ruth Masterman of South Paris, formerly of Kent's Hill. Ruth Cummings was accompanist.

FIRST SNOW IN THE VILLAGE

Seems lighter.
Under the edges of the curtains,
As I wake up this morning
Gee whizz! SNOW! No wonder!
The lights are all out
Main Street has white sheets spread all along
it.
Looks as neat as a hospital operating-room,
Just before the operation.
And the pent-house roofs are frosted as thick
As cakey cake and the dogs!
Gee whizz! Don't they tuck into it!
George Tubbs young pointer makes a track
in the yard
Like a deer.
And tries to beat himself around it;
Doc Staples' collie's been trying to eat it—
Nags and head all white where he's got into
The old Fords are beginning to rattle into town
From the country and the
Snow blowing off their tops and streaming
out behind
Like white smoke.
Pennock's horse is standing out in front of
Ridlon's;
He wriggles his under lip in disgust;
The wind gets under his blanket,
And he has snow-balls in all his feet.
An early citizen goes by on his way to the
Weary Club:
The brim of his hat is white all 'round,
And he looks like a kidder shrivelled up and rheumy.
Well, well, well!
Snow's come! First snow in the village,
An' two weeks later than last year!
Baster hurry up and get my clothes on,
And grease up my motorcar!
—FROMMA WINDO.

McAllister-Charles
A very pretty wedding took place Thursday A. M. at the home of the officiating minister, when Nellie Duffell, youngest daughter of Mr. and Mrs. Grant McAllister was united in holy matrimony to Lewis Charles of West Fryeburg. Wedding Reception
The reception of Mr. and Mrs. Lewis Charles was well attended Saturday evening, Dec. 2. The living room was prettily decorated in the seasons colors red and green with a beautiful arch of fir and evergreen with a large red wedding bell suspended from the center. At exactly 8:30 the bride and groom entered the room beneath the arch by the music of the wedding march. They were attended by Clement McAllister brother of the bride dressed in blue serge and his fiancée Rebecca Bubber of Harrison who looked charming in white organdie. They were introduced to the guests by Clement McAllister. The wedding cake made by Audrey Andrews sister of the bride was cut and served to the guests by the bride. A treat of store and homemade candies, peanuts, fancy cookies, saltines, ice cream and cigars were served by Annie Cummings and Audrey Andrews, sisters of the bride, Rebecca Bubber, Nina McAllister and Daphne Barker. Radio Column

EDITED BY DICK CHASE

Fire Risk

There is, contrary to general belief, practically no fire risk with a Radio Set. If properly installed the antenna is superior to lightning rods in fact in the South some oil companies use a device very similar to a Radio Antenna to protect their oil tanks from lightning. A telephone or electric light line coming into a house is far more dangerous than an antenna which is properly installed.

I will give a brief description how to install an antenna system properly. This applies only to outdoor types. The antenna proper should be suspended between as high points as possible for good reception and also to increase the area of lightning protection offered by the antenna. The antenna should be well insulated by insulators which will stand the mechanical strain.

According to the Underwriters Rules the antenna should not go over or under wires carrying 600 volts or over, if possible keep away from all wires. The lead-in shall be of copper or copper clad steel wire and not smaller than No. 14 B. & S. gauge and shall not come within 4 inches of the building or any electrical wires until it enters the building; it shall enter through an insulating bushing or tube. For a protective device any approved lightning arrester may be used and the Fire Underwriters recommend a 600 volt 100 Amp. switch in addition to the arrester, this is not required however. The switch alone will not pass inspection.

The ground wire from the lightning switch or protective device should be No. 10 B. & S. gauge or larger and run as straight as possible to a water pipe or pipe driven into moist ground. The ground wire should be soldered or attached with an approved ground clamp. The ground wire from the receiving set shall be not smaller than No. 14 B. & S. gauge and shall be independent of the lightning ground. Wires from Storage Battery should not be smaller than No. 14 B. & S. gauge and should be fused with fuses rated at 10 Amp. or less. All joints should be soldered.

Special A R R L Bulletin
The following is taken from a special A. R. R. L. Bulletin: "Total entries in the preliminaries for the final Trans-Atlantic Tests have passed all expectations; 318 stations in all have qualified as compared to 27 last year. The average distance of transmission for each station is over 1400 air miles."

A cable has just come in from one of the British Amateurs to the effect that he copied 23 of our stations during one night of the preliminary tests. Contrast this with last year in which only 26 stations in all were heard by the entire British Isles during the whole period of tests. Looks like the finale this year would be a great success.

Herewith a list of Amateurs reported during the Preliminary Tests. A radio-gram received November 23rd at the Headquarters of the American Radio Relay League, Inc., Hartford, Conn., from Manchester, England, reports the reception of the following American Amateurs by an English Amateur November 19, 1922.

The best previous record was made several years ago in Transcontinental relays when a message was sent from Hartford to the West Coast and returned in a little more than 6 min. The station of Mr. L. V. Berkner of Sleepy-Eye, Minnesota 9 A. W. M. acted as intermediate relaying station between Hartford and Hawaii.

TAFY PULLING"Sweets to the sweet" the teacher said—
"Now you children go ahead!"
Then we went for the syrup pot.
To pull the taffy good and hot.
"Butter your fingers," said she next,
So it won't stick, and not be vexed.
At having your taffy on your hair
And on your clothes and everywhere."
But that's what happened after all
To teacher, pupils, large and small.
We stuck our fingers stuck each other.
Stuck as close as brother to brother.
My taffy was at a taffy pull.
Plenty of girls and saucers full
"Sweets to the sweet" until you stick,
Then there's nothing to do but lick!

Josh Billings says: "Success don't konsist in never making blunders, but in never making the same ones twict."

If you made the blunder of worrying through last winter in a cold and uncomfortable house, don't do it again.

It is not only disagreeable, but mighty expensive—twice as much coal—doctor bills, and a ruined temper.

Besides there is no need of it when you can get your house equipped so easily with

Catarrhal Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. Catarrhal Deafness requires constitutional treatment. HALL'S CATARRH MEDICINE is a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result. Unless the inflammation can be reduced, your hearing may be destroyed forever. HALL'S CATARRH MEDICINE acts through the blood on the mucous surfaces of the system, thus reducing inflammation and restoring normal conditions.

Perfect Confidence

Norway People Have Good Reason for Complete Reliance

Do you know how—

To find relief from backache;
To correct distressing urinary ills;
To assist weak kidneys?

Your neighbors know the way—
Have used Doan's Kidney Pills;
Have proved their worth in many tests.

Here's Norway testimony.

Mrs. Myrtle Payne, 237 Main St. says: "I used Doan's Kidney Pills and am thoroughly satisfied they are a dependable remedy. I had more or less pain across my back and kidneys which annoyed me when stooping or lifting. I found Doan's Kidney Pills good for the trouble and after I used this remedy the pains lessened. I have been practically free from the trouble since taking Doan's and feel they deserve my recommendation." (Statement given June 7, 1916.)

On September 3, 1920, Mrs. Payne said: "The statement I made still holds good. I recommend Doan's Kidney Pills as highly today as I have during the several years past. The great good they did me has lasted and my faith in Doan's has remained firm."
